ButterflyCloud

Only the best vector graphics for you.

Direct access to top vector graphics: butterfly-cloud.de

100% VECTOR GRAPHICS · 100% QUALITY

Advantages at a glance:

High quality vector graphics
with clear technical design for easy processing, print and cut.

European drawing styles
for the best possibilities of application, no clipart.

Brainstorming effect
Inspirational themed collections clearly combined in your personalised Butterfly Cloud access.

Constantly expanding pool of high-quality top motifs
For each design, the right image immediately at hand.

All Inclusive:
Eye catchers, symbols, pictograms, frames, ornaments, people, family, working world, sport, leisure time, medicine, parties, holidays, celebrations, food & drink, animals, plants, comics, technology, energy, environment, transport, travel, countries...

Comprehensive collections of themes
with editorially selected motifs for every type of application. One focus here is on signmaking technology. In the pictograms section, for example, you will find topics such as health and safety at work, professions, services, safety, etc.

All Images can be used immediately
at an unrivalled level of quality and a fascinating range of different applications. Endless design possibilities for each motif ensures exclusiveness and individuality.

From now on
you can design even more professionally, create a layout even faster and noticeably reduce your costs. This price/performance ratio cannot be beaten!

VECTOR GRAPHICS   PICTOGRAMS   ILLUSTRATIONS   ICONS

ButterflyCloud

For your design only the original.

The perfect collection of motifs for advertising, design & publicity. creativ collection Butterfly-Cloud consists exclusively of top vector graphics for all topics and a focus for vehicle lettering. Browse through the continuously expanding motif range of illustrations and pictograms.

Key advantages:

Keyword search
Find the appropriate motif conveniently and quickly. When entering keywords, you can combine several search terms or exclude terms.

Topics
The inspiring theme collections show appropriate motifs. Popular motifs are constantly updated and combined in a clear way.

Previews
To allow you to look at a motif in precise detail, you can also call up the enlarged preview by just one click. Without leaving the search result, theme or lightbox.

Drag & drop
Collect motifs in your lightboxes easily using drag & drop. The processes of sorting and deleting elements work just as easily.
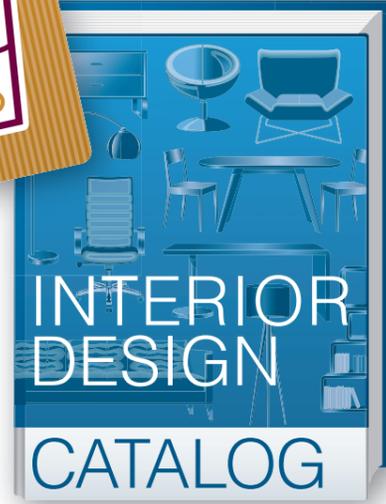

Lightboxes (multifunctional)
Create as many lightboxes as you want. Simply download lightboxes as a PDF or send a link for motif selection.

Personalise
Integrate your logo with just a few clicks. This will transform the Butterfly-Cloud into your "own" motif selection page, also in downloaded PDFs and in lightboxes which are sent.
