**PHOTOS IN HIGH-RESOLUTION QUALITY
FOR PERFECT RESULTS IN LARGE-FORMAT PRINTING**

ccPhotoCloud®

Your photo pool for creating better designs.

The constantly expanding photo pool for advertising & design. Modern images which can be used instantly for printing, design, publishing and advertising. Whatever your customers want, the constantly expanding pool of the ccPhotoCloud is ideal for flyers, brochures, outdoor advertising, advertisements, sign-makers, vehicle design, …

Key advantages:

Keyword search
Find the appropriate motif conveniently and quickly. When entering keywords, you can combine several search terms or exclude terms.

Search history
The "recently searched" function shows you your personal search history.

Topics
The inspiring theme collections show appropriate motifs. Popular motifs are constantly updated and combined in a clear way.

Previews
To allow you to look at a motif in precise detail, you can also call up the enlarged preview by just one click. Without leaving the search result or theme.
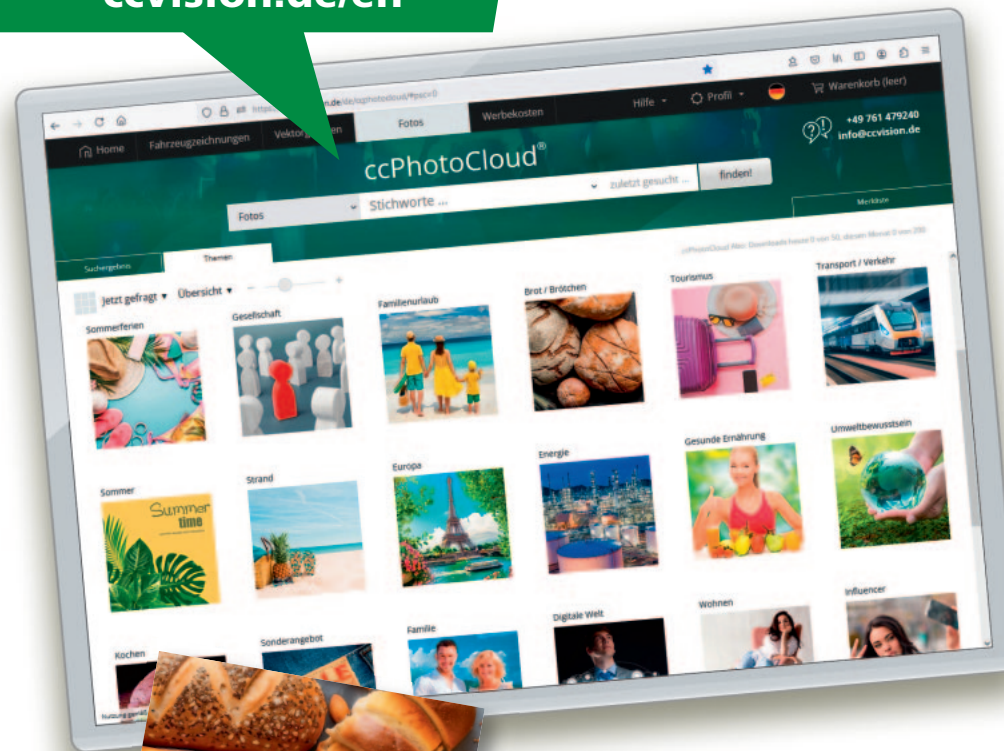

Drag & drop
Collect motifs in your watchlists easily using drag & drop. The processes of sorting and deleting elements work just as easily.

Watchlist (multifunctional)
Create as many watchlists as you want. Simply download them as a PDF or send a link for motif selection.

Fast design, clean print, perfect results.
Every single image in the creativ collection ccPhotoCloud allows limitless design and a variation of possibilities. This guarantees individuality and originality.

Achieve perfect results at lightning speed.
Personalized advertising materials with outstanding professional quality: Ads, posters, signs, flags, banners, brochures, vehicle signage, Fullwrapping, flyers, newsletters, image brochures of companies, guiding system, menus, shop-window dressing, packaging, …
